The association between oral and physical frailty <i>Anastassia Kossioni, Greece</i> 2. Updated recommendations for oral health promotion in nursing homes <i>Frauke Müller, Switzerland</i> <b>Q&amp;A</b>	<b>GREEK SYMPOSIUM</b> ● <b>Digital solutions for the personalized management of chronic conditions</b> <i>Chairs: Dimitrios Kardamakis, Greece</i> <i>Yiannis Ellul, Greece</i> 1. Wearable continuous monitoring system in older people with Parkinson's disease <i>Dimitris Fotiathis, Greece</i> 2. Wearable continuous monitoring system in older people with frailty <i>Vasilis Megalooikonomou, Greece</i> 3. Digital therapeutics for chronic disease management of older adults living at home <i>Giorgos Dafoulas, Greece</i>	<b>ORAL COMMUNICATIONS</b> ● ● <i>Chairs: Hanna Öhman, Finland</i> <i>Yulia Kotovskaya, Russian Federation</i> 1. Nurse staffing practices and postoperative atrial fibrillation among cardiac surgery elderly patients: A multisite cohort study <i>Christian Rochefort, Canada</i> 2. Risk factors for hospital readmission and death after discharge from an acute geriatric unit in older adults from the DAMAGE study: taking the rank of the admission into account <i>Fabien Visade, France</i> 3. A systematic and universal Artificial Intelligence method for oropharyngeal dysphagia screening: Accuracy of machine learning is higher than classic multivariate analysis. <i>Alberto Martín, Spain</i> 4. Arterial stiffness in the prediction of fatal and non-fatal cardiovascular events in a european population of middle-aged and older adults with or without metabolic syndrome. Comparison between two methods: cf-PWV and CAVI. <i>Sara Gabriele, Italy</i> 5. Development and Application of a Prognostic Frailty Index for predicting complications after transcatheter aortic valve implantation (TAVI): PARTNER-HULP Index <i>Paola Pastora Reinoso Párraga, Spain</i> 6. Long-term Effects of a Specific Multinutrient Intervention in the Prodromal Alzheimer's Disease LipiDiDiet Clinical Trial <i>Tobias Hartmann, Germany</i> 7. A comprehensive model of geriatric domains for mortality among older patients with cancer: a structural equation approach. <i>Claudia Martínez-Tapia, France</i> 8. Delirium diagnostic uncertainty in a real-world setting: prevalence and associations with mortality, length of stay and discharge destination <i>Emily Boucher, Canada</i> 9. Effects of long-term home-based physical exercise on depressive symptoms and quality of life in persons with signs of frailty – RCT (NCT02305433) <i>Katriina Kukkonen-Harjula, Finland</i> 10. Frailty Screening In Geriatric Patients In Sweden Using An Electronic Frailty Index <i>Jonathan Ka Long Mak, Sweden</i> 11. Effects of Leucine Administration in Sarcopenia in older institutionalized individuals: a randomized placebo-controlled trial <i>Omar Cauli, Spain</i> 12. SPICT as a predictive tool of mortality in Old Patients with Advanced Chronic diseases: a bicentric cohort study in Belgian Emergency departments <i>Delphine Bourmorck, Belgium</i> 13. "Fit to Sit" in a Tertiary Hospital Emergency Department – A Quality Improvement initiative <i>Maeve Ryan, Ireland</i> 14. Patients' characteristics associated with a request for a geriatric consultation in the Emergency Department <i>Gagliano Mariangela, Switzerland</i> 15. Effect of geriatric rehabilitation system on care home admission and mortality in patients following hip fracture: a retrospective cohort study using German health insurance claims data <i>Kilian Rapp, Germany</i> 16. Twelve-Year Sarcopenia Trajectories in Older Adults: Results from a Population-Based Study <i>Caterina Trevisan, Italy</i>	
09.30/10.15	<b>DIETARY PATTERNS AND HEALTHY AGEING</b> ● ● <i>Chairs: Cornel Sieber, Germany</i> <i>Gülistan Bahat Ozturk, Turkey</i> 1. Identifying dietary patterns of healthy ageing trajectories <i>Demosthenes Panagiotakos, Greece</i> 2. The association of diet and alcohol intake with ageing in Eastern European populations <i>Andrzej Pająk, Poland</i> <b>Q&amp;A</b>	<b>GREEK SYMPOSIUM</b> ● <b>Community interventions promoting ageing at home</b> <i>Chairs: Athanasios Symeonidis, Greece</i> <i>Ioannis Karaitianos, Greece</i> 1. The role of the geriatrician in supporting older people living in the community <i>George Soulis, Greece</i> 2. Home-based rehabilitation: challenges and perspectives <i>Xanthi Michail, Greece</i> 3.
